About Art of LIVING

Founded in 1981 by Gurudev Sri Sri Ravishankar, the art of living is an educational and humanitarian movement engaged in stress management and service initiatives. the organization operates globally in 155 countries and touch the life of over 370 million people the programs are guided by gurudev's 'philosophy of peace ". 'Unless we have a stress free mind and a violence free society, we cannot achieve world peace". To help individuals get rid of stress and

experience inner peace, the art of living offers stress elimination programs which include breathing techniques, meditation and yoga. These programs have helped millions around the world to overcome stress, depression and violent tendencies.

The Art of living movement has spread peace across communities through diverse humanitarian projects, including conflicts-resolution, disaster-relief, sustainable rural development, empowerment of women, prisoner rehabilitation, education for all and environmental sustainability especially in cleaning and rejuvenation of rivers for irrigation and drinking water purposes.

OBJECTIVE OF THE FDP

This FDP is meant for orienting teachers in professional degree colleges to get empowered in adapting to challenges of the current era where the IT and social media has been influencing heavily on the mind set of students.

This workshop helps in rejuvenating the teachers from the inner core of their existence. Thus bringing holistic development among participants by ensuring increased awareness levels empowering them to adapt to the challenging needs in class room, setting in right learning ambience for teaching ensuring the IT and social media influence at bay.

Teacher needs to be a role model amongst the students, which is the need of hour in the context of students being heavily influenced by IT and social media. Cultivating a right attitude, instilling vigor, and increasing the learning curve are the main context in which this FDP is envisioned.

RESOURCE PERSONS
